Policy Number _____ Group Number _____
Address of Insurance Company or HMO _____

PARENTAL/GUARDIAN CONSENT

The above-named student has my consent to receive services offered by the School-Based Health Center located in Maine East High School. I have received a list of the services available at the School-Based Health Center and understand and consent to the scope of services that the student may receive. I understand that a parent, legal guardian, or student who is permitted under Illinois law to consent on his or her own behalf has the right to refuse any health care services. I further understand that the services available through the School-Based Health Center are not intended as primary care, and are not a substitute for parental monitoring of the student's health or regular visits to a primary care physician.

Confidentiality of student records and medical information will be maintained as required under the relevant federal and State laws and regulations.

I consent to the release of relevant health information about the student to Advocate Medical Group to facilitate evaluation of the student's health needs and to further medical services provided to the student at the School-Based Health Center. I authorize the School-Based Health Center to release information regarding my child's treatment to third party payers or others for purposes of billing, program management and evaluation in accordance with all federal and State laws and regulations. I further authorize for the release of any immunization records or copy of Child Health Examination record between the School Based Health Center and District 207 High Schools.

Signature of Parent/Guardian _____ Date _____
